CONDITIONS OF SERVICE

1. **OBLIGATION**—Under DA 50 you are obliged to render specified periods of military service each training year until expiration of your engagement unless you are sooner discharged, dismissed or removed from the CMF. The period of service you are required to render if you are:

- a. A member, other than a member who as a NS Registrant has given an undertaking to serve in the CMF, is 14 days continuous training and 12 days home training each training year.
- b. A member, who as a NS Registrant has given an undertaking to serve in the CMF, is 14 days continuous training and 19 days home training each training year.

To discharge your obligation you are required under AMR 489 to attend all activities marked "obligatory" on this programme of training, and in addition if you have, as a NS Registrant, given an undertaking to serve in the CMF, you are required to attend those parades marked "obligatory registrants".

If for any reason you fail to attend an obligatory activity you will be required to attend, as directed, an activity marked "alternative" on this programme to make up the time lost by your absence from the obligatory activity.

2. **LEAVE**—In the event of illness, exceptional circumstances of a compassionate nature, or unforeseen personal hardship, you may apply to your unit for leave (in advance where possible). If you are granted leave, it does not mean that you are automatically exempted from that portion of your obligation. The conditions under which leave is granted will be advised to you at the time of your application.

Under the provisions of the Defence (Re-establishment) Act your employer is bound to grant you leave to attend obligatory activities or alternative activities if you are directed to attend them to make up time for absence from obligatory activities.

3. **EFFICIENCY—CMF**—Under the provisions of Division 9 of Part VI of AMR & O, members are classified as "efficient" or "non-efficient" each training year. Members classed as non-efficient may be discharged from the CMF. CMF members whose liability for National Service has been deferred and who become non-efficient are to be discharged from the CMF and become liable for full time service. To be classified as efficient you must:

- a. Complete the period of obligatory service stated above;
- b. Attend the Annual Range Practice; and
- c. Render satisfactory service.

Except as provided in Division 9 of Part VI of AMR & O, if you, as a member of the CMF, are absent without leave from two consecutive obligatory training periods, or one obligatory training period and one alternative training period nominated by the officer in command of the unit, you are to be classified "non-efficient".

4. **PAY**—The normal period of training for which you will receive pay is 33 days, including the periods of obligatory training stated above. You may be authorised additional training with pay.

9. **EFFICIENCY GRANT**—Provided you fulfil the following conditions you may be paid the Efficiency Grant under MFR 199 at the end of two years service and every year thereafter. The conditions are that each training year you:

- a. Are classified "efficient".
- b. Render a minimum of 33 days service.
- c. Qualify in one weapon at the annual range practice.
- d. Are classified as proficient in your duties.
