Dear Sir,

The 28th Field Battery, Australian Army Reserves of Dee Why is currently designing a shield to represent the Battery.

The most popular shield design included the "Sea Eagle" emblem and before plans can go ahead we require written permission from your club to use it.

Your co-operation in this matter would be greatly appreciated.

Dear Sir,

I acknowledge receipt of your letter of 7th September, 1987, which was tabled before my Board of Directors, and I am pleased to advise that approval was given for the use of a "Sea Eagle" emblem for you shield to represent the Battery.

Wishing you success, I remain.

Yours faithfully,

S.K. Higginbotham,
General Manager.

DEPARTMENT OF DEFENCE

I have approached many members of the battery and they interested in establishing a plaque for 28 Bty.

The design I have come up with is based on the ones currently being used by 8/12 mdm Regt's batteries, which look quite attractive and can be purchased for a very reasonable price.

I forward the attached drawing for your approval.

Sir,

I agree with the concept of a Bty Plaque and support the design proposed by Sgt Sengos.

I realise the matter will have to be dealt with in appropriate fashion here and in Canberra.
