The Past-President's Report

The Association's AGM was held on Monday evening, 27 July, and we now have a new committee for the coming year to 31 July 2023.

You can see details of the new committee on the [About](#) page of the website.

My three years as President has now finished and I am very pleased to welcome Steve Flower as the new Association President for the coming year.

Steve is a long-time member of the committee and is no stranger to the role having previously served as President of the Association.

We also welcome BRIG John Keefe RFD as our new Patron, replacing COL John Fairless who completed a three year term in December 2021.

My time as President was impacted by COVID which saw several delayed committee meetings, the 2021 AGM delayed by 4 months until November 2021 and our 2021 Annual Reunion cancelled for the first time in the Association's history.

Despite COVID we have emerged on the other side with the Association as strong as ever.

Although COVID slowed us down somewhat, we were able to work on and launch the new website earlier this year. My job was made easier with the support of JB and Jim Nash who provided invaluable background and editorial support with the website content.

Whilst working on the construction of the new website I was struck by the enormous amount of the Regiment's historical information that was available and was successfully transferred from Pat Sengos's old website. If you have the time, dig into some of the material that is there. You will be well rewarded.

We were also fortunate in having the services of a very good website professional to put it all together.

Our Facebook page has seen a slight increase in numbers with 66 members at the time of writing.

Fortunately, the COVID restrictions are now past and this year we had 50 members and serving soldiers attend the Anzac Day march. We also had a successful

Anzac lunch at Chatswood RSL with 19 members attending.

The Annual Soldier's Award for 2021 did not stop for COVID and congratulations go to GNR Toby Spring of 28 TP Dee Why and runner-up BDR Joshua Fuller of 113 TP Adamstown.

GNR Spring received a certificate for a free weekend at the Army Resort "Bulwarra", at Terrigal.

Finally, as outgoing President, I would like to thank the Committee for its support over the past three years and in particular, the input of JB as Association Secretary, which made my job a lot easier.

We now look forward our 2022 Annual Reunion which will be held at Chatswood RSL Club on 11 November. I hope to see you there.

David Moysey

UBIQUE

New President's Report

On 19 September 1962, Her Majesty Queen Elizabeth II granted the Royal Australian Artillery the title of the Royal Regiment of Australian Artillery. All Australian gunners are considered members of the Royal Regiment of Artillery.

Upon the Royal Australian Artillery being granted the title 'Royal Regiment', Queen Elizabeth II also assumed the title of Captain General of the Royal Regiment of Australian Artillery. It is in this family of comrades that 7 Field Regiment RAA and all past and present gunners belong.

The year 2022 marked the death of Her Majesty Queen Elizabeth II. On Friday 9 September, the sound of guns rang out over Canberra, firing 96 rounds - one to mark each year of the Queens life.

We have all by now had time to reflect on the passing of our Captain General, Her Majesty Queen Elizabeth II. I cannot better add to the words of the Master Gunner so I have copied these below:

MESSAGE FROM THE MASTER GUNNER ST
JAMES'S PARK LIEUTENANT GENERAL SIR
ANDREW GREGORY KBE CB DL

“I know that all current and former members of the Royal Regiment of Artillery and the Royal Artilleries of the Commonwealth are greatly saddened to hear of the death of our Captain General, Her Majesty Queen Elizabeth II. As the longest serving British Monarch in history, Her Majesty’s unquestioning duty and dedication to the Nation, to the Commonwealth and to Her Armed Forces will be deeply and profoundly missed.

Her Majesty’s interest in, and engagement with, all aspects of Her Royal Regiments throughout Her reign has been of the greatest importance. As the Nation and the World mourns, our thoughts are with His Majesty The King and all members of the Royal Family; I know that I speak on behalf of all current and former members of the Royal Regiment of Artillery and the Royal Artilleries of the Commonwealth in offering our deepest and most heartfelt condolences at this difficult time.”

On behalf of the 7 Field Regiment RAA Association, we mourn the passing of the Queen, our Captain General and pledge our allegiance to our new Captain General, His Majesty King Charles III.

GOD SAVE THE KING

On a brighter note, and thanks in large part to the outgoing President Dave Moysey, the Association’s new website is up and running. It looks fantastic, is easy to navigate and, more importantly, is easy for the Committee to administer and keep updated. Please go look and enjoy the updated content.

Recognition needs to go Pat Sengos who administered the old website (and battled the old technology) for so long. Well done Pat, and thank you.

I join Dave Moysey in his outgoing Presidents Report in thanking COL John Fairless for his three years as Patron and in welcoming BRIG John Keefe RFD as our new Patron. Thanks Dave for your three years service as President. I look forward to serving under you again in the near future.

See you all at the reunion.

UBIQUE.

Stephen Flower

FROM THE CO's DESK

Transition. Tempo. Growth.

Three words that effectively summarise the “State of the Nation” for the 9th Regiment, Royal Australian Artillery.

Transition. With the endorsement of the Land Command Capability Review (LCCR) outcomes in 2022, the Royal Regiment of Australian Artillery is commencing the most significant and ambitious modernisation program in its 151-year history. From protected mobile fires, integrated air and missile defence, and long-range fires to upgrades to uncrewed aerial systems, radar systems, digital co-ordination systems and ammunition, virtually no part of the RAA – including the 9th Regiment – will be left untouched over the next 5-10 years by this truly, once-in-a-generation paradigm shift underway.

GUNNER DINNER AUGUST 2022

This transformative period will also see the raising of a new Fires Formation along with the 14th Regiment, Royal Australian Artillery in January 2023 to be based in Adelaide at the RAAF Edinburgh precinct, in conjunction with phased changes to command and control of a number of current RAA units.

As part of the Artillery Modernisation Plan, the 9th Regiment will be rebalancing its suite of capabilities to have a greater emphasis on Surveillance and Target Acquisition functions from the historical focus on offensive support. This will be achieved primarily through expansion of contemporary capabilities in Small Uncrewed Aerial Systems (SUAS) and Radars whilst maintaining Joint Fires Team and effects co-ordination capabilities, as the 81mm mortar capability is returned to Infantry units within the 2nd Division. In addition, the 9th Regiment will also be leaving the 2nd Division to move under command of the Fires Formation in 2024. This change reflects the critical role that the 9th Regiment plays as being the only Reserve unit of the RAA, and the importance and contribution of the Total Workforce Model being applied across the entire Australian Defence Force to better leverage the contributions and capability offerings of part-time defence members.

Tempo. With such large-scale transformation occurring combined with continuing, heightened civil defence needs arising from weather, disease and community activity, the tempo within the 9th Regiment has been relentless. At the time of writing, in 2022, the Regiment has conducted 96 courses issuing 870 qualifications, introduced the AN/TPQ-48 Lightweight Multi-Mode Radar (LMMR) and deployed 38 personnel on operational tasks (both domestic and offshore) including Operations COVID ASSIST, FLOOD ASSIST, AGED CARE ASSIST, RESOLUTE and on major international engagements. The Regiment has also continued to support public events of significance including Australia Day and the Queen's Birthday Salutes, but also the conduct of a 21-gun salute from NSW Government House on Proclamation Day for His Majesty King Charles III. Executed by gunners from 7 and 23 Batteries, with reinforcements from gunners from the School of Artillery, this event was prepared and executed with less than twenty-four hours notice from receipt of order.

Growth. The 9th Regiment has continued on its trajectory of growth from its raising in January 2018. With 490 members in its ranks, the 9th Regiment has the largest nominal roll of all RAA units in the Australian Army. The average number of days of service rendered by part-time members has also

continued to increase, now exceeding 50 days – more than 20% above the Divisional average. The Regiment has also tripled its SUAS capability to become the largest unit operator of the RQ-12 Wasp AE SUAS in the Australian Defence Force. More people, providing more service with more contemporary capabilities.

7 Battery. Against this backdrop of transition, tempo and growth, 7 Battery has been an active participant and contributor throughout 2022 to date.

Training, Heritage, Personnel are key themes that emerge from its activities.

Training. Much of the early part of the year was spent remediating the skills and training gaps caused by nearly two-years of COVID-19 disruptions, training had focused on individual soldier skills and combat behaviours: weapon handling, Army First Aid / Tactical Combat Casualty Care, the Army Combatives Program. This was followed by significant investments in training soldiers to operate the Regiment's current UAS platforms and in maintaining and building currency on these platforms, and more recently – developing expertise in the Regiment's nascent LMMR capability. Combined with current offensive support capabilities, the training gains from this year have set conditions for 7 Battery to raise the most capable force element generated to date, and spearhead the Regimental contribution towards Exercise TALISMAN SABRE 23, where it will support Battle Group Waratah - led by 4/3 Battalion Royal New South Wales Regiment.

Heritage. This year 7 Battery also adopted a new naming convention for its exercises to reaffirm the Battery's links through the 7th Field Regiment back to the 7th Australian Field Artillery (AFA) Brigade. Exercise GRETA, named after the small town in NSW, remembers the connection to 7 Field Regiment and the many annual camps held in country NSW between the wars; Exercise MCCARTNEY remembers the CO of the 7th AFA BDE in 1916 and 1917 when the BDE fought some of its most difficult battles on the Western Front. Exercises BAKER and DAVIES are named for the first soldier and officer from the BDE decorated for bravery on the Western Front, while Exercises STEENWERK, BROODESEINDE RIDGE and SAILLY-LE-SEC all mark significant battles fought by the 7th Australian Field Artillery (AFA) Brigade in 1916, 1917 and 1918.

Personnel. There have been some changes to command appointments in 2022. Major Jonathan Passlow took command of 7 Battery from the outgoing Major Marcus Jones in January. Warrant Officer Class 2 Stephen Potter continued to serve as

the Battery Sergeant-Major, in conjunction with Captain Andrew Wallin as the Battery Captain. 7 Battery was also joined by a number of new Officers in 2022. LT Brian Davies joined the Battery upon commissioning into the RAA and was appointed as the Troop Commander of 25 Troop at Pymble. LT Frank Yu also joined the Battery transferring into the RAA from RAEME. LT Yu will take command of 28 Troop at Dee Why in 2023.

7 Battery has been fortunate to have Captain Thomas Adams as its Instructor Gunnery (IG) in 2022. CAPT Adams leaves the battery at the end of 2022 for a posting to 8/12 Regiment in Darwin and while he has only been with 7 Battery a short time, he has contributed significantly to the success of the Battery this year, including stepping up as Regimental OPSO on occasion. After four years of outstanding work, Warrant Officer Class 2 Darren Jackson, will leave the role of Sergeant-Major Instructor Gunner (SMIG) to also take up a new posting at 8/12 Regiment. I would like to thank them both for their hard work and enthusiasm, and I wish them all the very best for their next postings.

Finally, on behalf of the soldiers and officers of 7 Battery, I would like to acknowledge the support of the 7 Field Regiment RAA Association to the Battery and thank the committee members for their ongoing work and support.

UBIQUE.

Philip Wong
Lieutenant Colonel
Commanding Officer

**Australia Day Salute at Kirribilli
26 January 2022**

RESTRUCTURE OF SECOND DIVISION (Extract from ARMY NEWS July 2022)

The restructure of 2 Div into a functional command is being delivered as part of Army's Objective Force to better respond to contemporary contingencies. Initially raised in 1915 during WW1, 2 Div oversees all reserve Brigades across Australia, employing 11,000 soldiers.

Commander 2 Div, MajGen David Thomae said Australia faces increasing strategic competition, reduced warning times, growing aggressive grey-zone activities, and threats to human security, including COVID-19 and natural disasters.

The 2 Div restructure brings about changes that ensure we can provide the right command and control mechanisms and contribute critical land power capabilities to the joint force in times of peace & war. Army will establish 2 Div as a functional command, better enabling it to lead and modernise its units.

2 Div will also continue to take the lead on ensuring Australians see and feel Army's valuable contribution in times of need and crisis, by commanding and managing domestic operations while contributing to the wider ADF, MAJGEN Thomae said.

Under the changes 4,5,8,11 and 13 Bde will remain within 2 Div, while 9 Bde will move to Forces Command.

The restructure also includes the transformation of 13 Bde in WA, which, in less than 12 months, has re-raised 10LHR and raised 13 ER with a STEM focus.

MajGen Thomae said that the move to a functional command reinforced 2 Div's value in warfighting and national security and was the manifestation of "Army in the community".

WILLOUGHBY LEGION EX-SERVICES CLUB

Now known as Club Willoughby, the old Willoughby Legion Ex-Services Club, used as a favourite "Watering Hole" by many members of the old Willoughby Depot and the Venue for many a special occasion such as the Gunner Dinner, is about to undergo a major transformation.

After 10 years of planning & negotiating with various authorities, the "Heart of Willoughby" project, in conjunction with Hyecorp, a local family development company, will include;

- 126 Independent Living Units (over 55's Luxury retirement village)
- A new 3 level Clubhouse
- A 46 bed Aged Care Facility
- 3 levels of underground parking
- A new Memorial Garden

Building is expected to take around 30 months, weather permitting, with occupancy planned for end 2024.

The Club will benefit with a totally fitted out new Clubhouse plus ongoing income from the lease of the land occupied by the retirement residences.

LTCOL Matt Vertzonis CSM, RFD (retd), Club and sub-Branch President with Barney Flanagan, Harry Fox (93) & John Balfour at the Ground-breaking Ceremony on 17 August.

HISTORICAL PHOTO

How many Members/Ex-Members do you recognise in this historical photo?

Artillery on Thursday and Horn Islands by Sharon Fulcher

During July this year, my husband and I took a long road trip to Cape York via Central Queensland, the Gulf and the Atherton Tableland. We were able to extend our Cape York visit with two extra days on Thursday and Horn Islands enjoying interesting military tours. Both these islands played a significant role in the defence of northern Australia during World War II.

Thursday Island (TI), a 70 min ferry ride from the mainland was used as an allied military operations centre for Torres Strait by Australian and US forces during World War II. Green Hill Fort, now open to the public, was originally completed in May 1893 due to potential security issues from Russia and Germany. It was fortified with three six-inch breech-loading guns supplied by the Elswick Ordnance Company, UK; Two Mark VI (nos 838 & 839) and a Mark IV (Gun No 727) with a weight of 10 tonnes and range of 8.4km.

The Fort, dominating a large hill offers commanding and originally defensive views over the approaches to TI's harbour. During the war it was used as a signals and wireless station and ammunition store for Australian and US forces. The tunnels are now used to house historical memorabilia and information panels outlining the history of the fort, its subsequent restoration, and other aspects of Thursday Island's history.

Horn Island, a further 15 min ferry ride from TI, is much flatter and larger and was conducive to the building of RAAF's Horn Island Advanced Operational Base (AOB) constructed between late 1939 and 1941. This airbase supported Allied aircraft moving between Australia and New Guinea. It consisted of two intersecting runways, with revetments for aircraft parking. When Japanese air raids began in March 1942, air defence of the island was begun. Up until Jun 43, close to 500 bombs were dropped in eight

air raids. Batteries of the US 104th Coastal Artillery (Anti-Aircraft) were quickly deployed to the island.

Tunnels and one of the Six-inch guns on TI

Air defence was expanded in October 1942 with the deployment of the 34th Australian Heavy Anti-Aircraft (HAA) Battery with 3.7-inch guns and the 157th Australian Light Anti-Aircraft (LAA) Battery, equipped with 40mm Bofors guns.

From December 1941 to December 1942, there were 10,000 Allied aircraft landings on Horn Island, around 5,000 troops on Horn and 2,000 on Thursday Island stationed in defence roles with 156 personnel dying within the area, many in aircraft accidents.

A little known fact is the formation of the Torres Strait Light Infantry Battalion, which comprised about 830 local Torres Strait Islanders, the only Indigenous Battalion ever formed in Australia. Some members of this Battalion were attached to the 34th Australian Heavy AA Bty. Their support was crucial in many operations in the Torres Strait area.

There are many relics scattered around the island. The Horn Island WWII Conservation Project, is slowly restoring the military site with the recent relocation of a restored 3.7 inch gun in its gun pit, (one of eight originals) and ongoing work with slit trenches and the installation of Interpretive signage. The Torres Strait Heritage Museum has an extensive display of photographs, historic information, personal stories and relics from the island. Horn Island Veterans Memorial outside the airport terminal give testimony to those who lost their lives and the Regiments that served during the war.

Interpretive signage outlining the Artillery History on Horn Island

Replica of a 3.7 inch shell with the gun in its gun pit.

Last Post

Ian LANGFORD-BROWN

28th December 2021

Aged 82

Ian entered National Service in January 1958 and then served with 7 Field Regiment from March 1958 to June 1966. He initially served as a Gunner and later departed as a Captain in 1966.

Robert Murray MORGAN

18th February 2022

Aged 88

Robert entered National Service in January 1953 and then served with 7 Field Regiment from April 1953 to December 1963. He was a Gunner, Driver and then Transport Supervisor, with the rank of Sergeant.

Peter McMAHON, AM

13th March 2022

Aged 91

Peter joined 7 Field Regiment as a Gunner in February 1950 to November 1950. He discharged as a Sergeant in November 1953.

Laurence Philip Walter HINDMARSH, ED

24th April 2022

Aged 97

Laurie served with the AIF from March 1944 to January 1947 and then with the CMF from October 1948 to November 1963. He had a number of postings including Operational Service in New Britain from January 1945 to May 1946. His service with 7 Field Regiment was from October 1948 to March 1961. He retired as a Major in Nov 1963. Laurie was a highly valued member of the Association and the Committee and had a vast knowledge of the Military. Laurie was the Patron of the Association from July 2003 to June 2006.

Neil HAWKINS, RFD

11th June 2022

Aged 78

Neil served in the CMF, including 2 years Full Time Duty, from February 1965 to August 1970. He was in the General Reserve from August 1970 to January 1994.

His many postings included 130 Gun Locating Battery, 23 Field Regiment and various HQ postings.

Neil had 3 postings to 7 Field Regiment including as Commanding Officer from July 1980 to July 1983. He retired as a LTCOL in January 1994.

Kenneth Henry KEEN, ED

14th July 2022

Aged 95

Ken served with the CMF from July 1948 to August 1972. His postings included 5, 7 and 14 Field Regiments and 18 Light AA Regiment. Ken had Operational Service with 4 Field Regiment in South Vietnam in November 1967. He discharged as a Lieutenant Colonel.

Frederick James BASTOCK, RFD ED

17th September 2022

Aged 89

Fred commenced National Service in 1952 then served in a number of units including 5, 14 and 7 Field Regiments. He had a vast knowledge of Field Arty and was well liked at 7. He knew how to speak to the soldiers and what he imparted was always remembered.

Fred was an inaugural member of the Association and served as Treasurer in the early 1990's.

Fred did Operational Service in Vietnam, as an Observer with 1 Field Regiment in April–May 1969. He discharged as a Captain in May 1980.

Final chance to order a paver at NORTH FORT prior to the handover of the Memorial Walk to the Harbour Trust.

SPECIAL OFFER to Association Members only - Orders placed by 31 October \$50 (normally \$70).

Complete the order form at :
["Artilleryhistory.org/memorialwalk"](http://Artilleryhistory.org/memorialwalk).

ENGLISH HISTORY

They used to use urine to tan animal skins, so families used to all pee in a pot and then once each day it was taken & sold to the tannery.
 If you had to do this to survive, you were 'piss poor'.

But worse than that were the really poor folk who couldn't even afford to buy a pot. They were the lowest of the low.

THOUGHTS TO PONDER

- What if my dog only brings back the ball because he thinks I enjoy throwing it?
- Which letter is silent in the word "Scent", the S or the C?
- Do twins ever realise that one of them is unplanned?
- Maybe oxygen is slowly killing you- it just takes around 80 years to work!
- The word "swims" upside-down is still "swims".
- Intentionally losing a game of rock, paper, scissors is just as hard as trying to win.
- If you replace "W" with "T" in What, Where & When, you get the answer to each of them.
- 22nd of February this year fell on a Tuesday, so we called it "2's Day".
